New Industry In Torrance Makes Baking Equipment

The Metalclad Baking Equipment Co. Ltd. in conjunction with the Metalclad Insulating Company, Inc., has started operation at their new location in Torrance at 218th st. and Western avenue.

Housed in temporary buildings at present, the companies expect to have their permanent plant and offices completed by the latter part of this year, according to Ray T. Kemper, manager.

They are the exclusive distributors of "Fiberglass" in California, an insulation product manufactured by the Owens-Corning Company. The Metalclad companies manufacture and install ovens and baking equipment in all parts of California, Kemper stated.

In operation for the past two weeks, the organization began moving equipment into the new location during the last week in April. They encountered a problem in the fact that housed in the buildings on the property purchased by the company were a cow and calf, a pig, around fifty chickens and forty rabbits, not to mention the chicken lice. Displacing the animals with machinery was quite a job, the manager laughingly pointed out.

Local Kiwanians Greet Governor At L.A. Meeting

Torrance Kiwanis club joined fifteen other clubs in Division one of California-Nevada District of Kiwanis International, in official welcome to Governor Norman Abbott at the Los Angeles Breakfast club Monday evening.

The formal dinner dance affair was attended by President and Mrs. Edwin B. Brown, Dr. and Mrs. H. A. Wood, Mr. and Mrs. Dean Sears, Dr. and Mrs. W. T. Laughon, Mr. and Mrs. Bob Klink, Mr. and Mrs. Dick Root, Mr. and Mrs. Bob Haggard, and Mr. and Mrs. Harry Greenwood.

The regular meeting place of the Torrance Kiwanis club was changed to Daniels Cafe, effective this week. The club meets each Monday evening at 6:30 o'clock.

City Should Help Pay For Signal, Says Commission

The California Public Utilities Commission is of the opinion that if the Santa Fe Railroad will pay for half the installation costs of a signal at the crossing on Crenshaw Blvd., near Dominguez st., the city should be willing to pay the other half.

City Attorney Otto B. Willett so informed the Council Tuesday night. He said the Santa Fe's suggestion was found reasonable by the commission.

QUIT CLAIM DEED ACCEPTED TO QUANDT PROPERTY

The City Council Tuesday night accepted a quit claim deed to the holdings of the Quandt Pumping Company.

The Quandt system, operated by Charles H. Quandt for years, is being operated by Municipal Water District No. 1, having been purchased recently.

Kettler Buying City Nursery Plant Stock

The stock of plants and trees in the city nursery was ordered Tuesday to John E. Kettler for \$985, Tuesday night. With the curtailment of Park department personnel, it is impossible to properly maintain the nursery, it was pointed out, and Kettler said he needs the tract for landscaping his new home tract at Narbonne ave. and Sepulveda Blvd.

The city reserved the right to repurchase at the same price if needed, and the stock will remain in the nursery until Kettler needs the plants.

Kettler also obtained an unneeded city motor generator on a lease basis, calling for rental of \$175 a month. The portable power plant is valued at \$1600 and was bought for emergency purposes during the war.

W.A.A. Will Sell Aluminum Plant In Torrance

The War Assets Administration has recommended that the \$21,000,000 Torrance plant of the Aluminum Company of America be dismantled and its equipment removed for use in other locations.

Recommendation was made when WAA indicated that all bids for the huge building were "inadequate."

Bids had been received from the Reynolds Metal Co., Perma-nenti Corporation and a subsidiary of the American Smelting and Refining Co.

During the war the plant was leased and operated by the Aluminum Corporation of America.

TORRANCE HIGH HOLDS ANNUAL MAY DAY DANCE

Last Friday evening Torrance high school held its annual May Dance in the school gymnasium. This year's edition of the traditional festival was reigned over by the comely Beverly Crook, who was elected May Queen by the student body.

Sponsored by the student council, the dance was planned by a committee consisting of: Jay R. Stroh, Corky Northway, Merwin Jarratt, Marlou Rose and Nello Hoocott.

Music for the evening was furnished by Moe Jarratt and his Swingtimers.

YOUTH SPEEDING OVERTURNS CAR, NOT INJURED

William Wayne Kelly, 17, of 25038 Narbonne ave., Tuesday morning overturned the car he was driving, when he swerved to avoid an oncoming car and struck a curbing at the intersection of 250th st. and Narbonne ave.

Investigating officers stated that evidence shows that the car was traveling at an excessive rate of speed when it struck the curb.

The youth was uninjured.

Man Injured In Train-Car Crash At Intersection

Victor W. Weise, 41, of 1643 220th st., was seriously injured early yesterday morning when the car which he was driving crashed into the side of a Santa Fe freight train at the Arlington ave. crossing.

The car driven by Weise was driving north on Arlington and struck the freight at the first car behind the engine tender Weise was unable to state the cause of the accident, but police reports showed that his car had skidded some 117 feet before striking the train.

Mr. Weise was removed to Harbor General hospital by Sullivan's ambulance and was reported to have suffered a broken left arm, serious lacerations and possible broken ribs.

CITY FUNDS ARE TRANSFERRED TO CLEAR ACCOUNTS

A total of \$59,573.57 was transferred to the city general fund from a number of other funds Tuesday night by the City Council. The transfers were made as "book balances" to clear the general fund, it was said.

The vehicle fund transfer of \$48,287.12 was the largest.

CIVIL SERVICE ORDINANCE CAN BE AMENDED—WILLETT

Amendments to the Civil Service ordinance as it affects all city employees except firemen and policemen, can be made by the City Council, according to an opinion given the Council by City Attorney Otto B. Willett.

He said the law can be modified or enlarged, by ordinance.

CHILDREN'S BUREAU

For the child who is neglected... who is receiving improper parental care, the Children's Bureau of the Community Chest extends protective service to help correct the abuses and neglect. If the family situation fails to improve, placement is arranged in a foster home.

Knock 'em out with CHEVRON Fly Spray. Deadly DDT of one of its all active ingredients gives it highest rated killing power, according to U. S. Government standards. A fine mist sprayed in the air means sure death for all insects contacted. Keep your car with CHEVRON Surface Spray. Brush or spray it on sills and baseboards, in cracks and corners. It waits for insects with a sure killing power that lasts for months. Contains 5% DDT.
